

GREEN AND GLAM

Eco-friendly design and high style combine at Manayunk's newest development.

MANAYUNK BLENDS A small-town vibe with the convenience of city living, which makes it an attractive community for the post-college set and young families. But the nabe is also becoming known for attracting those in search of living spaces that keep the environment in mind. Enter Sheldon Crossing, a carriage home community of 20 units that are both stylish and green, located at 4711 Sheldon St.

Boasting modern finishes with eco-friendly amenities—the highlight of which is a private-access vegetative green roof—Sheldon Crossing is ideal for both young professionals and families with growing broods.

Kitchens are decked out with granite countertops and designer wall cabinetry, and all come with Viking stainless steel Energy Star appliances. Kohler fixtures with WaterSense technology are standard in each of the bathrooms; master bathrooms are outfitted with a Kohler Bubble-Massage bath for the ultimate in relaxation. Bedrooms are equipped with walk-in California Closets and adjoining outdoor metal balconies, as well as sitting rooms with fireplaces in the master suites.

Parking is not a problem with one- or two-car garages in all units and additional parking near the building complex.

The carriage homes start at \$639,000. *For more information visit sheltoncrossing.com.*—LAUREN HERMAN
